### **Sugar Land Legacy Foundation's Donation a Focal Point at Local Ceremony**

Sugar Land, TX – The Veterans Memorial at Sugar Land Memorial Park will be the focal point of the City of Sugar Land's 6th Annual Memorial Day Ceremony on May 26. The Tilt-Up Concrete Association (TCA) donated the memorial last September through the Sugar Land Legacy Foundation. The memorial honors local veterans who have died while serving in the U.S. Armed Forces.

Established in 2010, the Sugar Land Legacy Foundation's mission is to leave a legacy by promoting community investment in facilities and activities that enhance the long-term prosperity and quality of life for Sugar Land residents.

"Our vision is to give others the opportunity to leave a legacy in their community, and we are very proud to have been a part of such an important project," said Mr. Gene Reed, who serves as President of the Sugar Land Legacy Foundation and whose company – E.E. Reed Construction, L.P. – is a member of the TCA.

More than a dozen companies donated their time and services to the Sugar Land Legacy Foundation's Veterans Memorial project, including Powers Brown Architecture, E.E. Reed Construction, L.P.; TAS Commercial Concrete; CMC Construction Services; CEMEX; Nawkaw Corporation; Big 4 Erectors, L.P.; Bomanite; Performance Electric; Décor Craft; Houston Landscape Unlimited; Pinnacle Structural Engineers; WardGetz and Gorrordona. The final value of their donations totaled more than \$330,000. ### **About Sugar Land Legacy Foundation**

The Sugar Land Legacy Foundation (SLLF) is a 501(c)3 non-profit organization that was established in 2010 to promote community investment in facilities and activities that enhance the long-term prosperity and quality of life of Sugar Land residents. Contributions to the Legacy Foundation support the City of Sugar Land's acquisition, ownership, construction, development, or improvement of land and facilities. The SLLF encourages participation from private philanthropic sources, and participates in state and federal funding opportunities when appropriate.

### **About the TCA**

TCA was founded in 1986 to improve the quality and acceptance of site-cast tilt-up construction, a construction method in which concrete wall panels are cast on-site and tilted into place. Tilt-up construction is one of the fastest growing industries, combining the advantages of reasonable cost with low maintenance, durability, speed of construction and minimal capital investment. For more information about the TCA, visit [www.tilt-up.org](http://www.tilt-up.org) or contact TCA headquarters at 319-895-6911 or [info@tilt-up.org](mailto:info@tilt-up.org).
